Dear Harold and Jil,

As I write this, 160 pieces from both of you, which include more actual letters than that, are on their way by insured mail to Hood College's library archives in your honor. I also sent 3 photographs I took of you in Dutch's Daughter's parking lot, and of your home.

Also because of you, I have decided to donate my collection of Toledo Blade and Detroit Free Press newspapers from that week to Hood, and copies of my set of Oswald autopsy pictures.

If you have time, could you write a brief letter to Hood verifying these letters to supplement my comments? Hope this is finding you well. Sincerely, Dave Reck
